I agree to pay Marshall Academy according to the payment plan that I have selected herein and subject to the terms and provisions of this contract. My failure to pay the entire amount of tuition shall constitute a breach of contract on my part, which may result in litigation being brought against me by Marshall County Educational Foundation, Inc. for the express purpose of collecting said monies owed by me. Marshall Academy Grades 7-12 2024-2025 Chromebook Acceptable Use Policy

A signed agreement must be submitted with registration paperwork

Please read this AUP carefully. You will need to bring the last page (signed by parent and student) when you pick up your Chromebook.

Our goal in providing the Chromebook is to promote educational excellence: by facilitating resource sharing, research, creativity, communication, increased productivity, and mobile learning. Use of the Chromebook is a privilege that carries responsibility and behavioral expectations consistent with all school rules and policies, including but not limited to those stated in the Student Handbook.

By signing this agreement, each Marshall Academy student agrees to use his/her Chromebook in a manner that is ethical and responsible – *as deemed appropriate by the Marshall Academy administration*. Marshall Academy retains sole right of possession of the Chromebook and related equipment. MA retains the right to collect and/or inspect the Chromebook at any time, and to alter, add or delete installed software.

Receiving your Chromebook

Chromebooks will be distributed to grades 7-12 the first day of classes for the 2024-2025 school year. Students & parents must sign this agreement and submit it along with the registration forms in order to receive a chromebook.

Failure to return the Chromebook will result in a theft report being filed with the Marshall County Sheriff's office. If a student fails to return the Chromebook at the end of the school year or upon termination of enrollment at MA, that student will pay the replacement cost of the Chromebook. The student will be responsible for any deliberate damage to the Chromebook.

TAKING CARE OF YOUR CHROMEBOOK

Students are responsible for the general care of the Chromebook they have been issued by the school. Chromebooks that are broken or fail to work properly must be taken to the High School Principal's office for an evaluation of the equipment.

General Precautions

The Chromebook is school property. Students should take their Chromebooks home every day after school, regardless of whether or not they are needed.

Chromebooks Left in Unsupervised Areas

If a Chromebook is found in an unsupervised area, it will be taken to the Principal's office and the student will be subject to disciplinary action. Unsupervised areas include the school grounds and campus, unlocked classrooms, and hallways. Keep Chromebook in your backpack, locker or a locked classroom. If you put your Chromebook in your backpack, place it in a location that will not likely get stepped on. Do NOT throw your backpack with your Chromebook in it. Do not take your Chromebook to the cafeteria during break or lunch. Do not place your backpack where it can be stepped on or have another bag thrown on it.

Screen Care

For Grades 7-12

The Chromebook screens can be cracked if subjected to rough treatment. **The screens are particularly sensitive to damage from excessive heat or pressure on the screen.** Do not place anything near the Chromebook that could put pressure on the screen. Clean the screen with a soft, dry cloth or anti-static cloth, no cleaners of any type. Do not “bump” the Chromebook against lockers, walls, car doors, floors, etc. as it will eventually break the screen. Students may be responsible for the replacement cost of the Chromebook should the device become unusable due to damage caused while in student’s possession.

USING YOUR CHROMEBOOK AT SCHOOL

Chromebooks are intended for use at school each day. In addition to teacher expectations for Chromebook use, school messages, announcements, planners, calendars and schedules may be accessed using the Chromebook. Students must be responsible to bring their Chromebook, **fully charged at the beginning of the day,** to all classes. Students are NOT allowed to charge their Chromebook in class unless specifically allowed to by that teacher. Students who repeatedly (three or more times in a quarter) fail to bring the Chromebook to school or maintain a fully charged battery will serve detention or other disciplinary action.

Chromebooks Left at Home

If students leave their Chromebook at home, they are responsible for getting the course work completed as if they had their Chromebook present. Loaner Chromebooks will not be available to students who forgot to bring their Chromebook to school or failed to charge their Chromebook.

Photos/Videos

Photo/Image storage on the Chromebook will be for **school projects only.** Storage of student personal photos/videos or downloaded images is not allowed. Photos/videos are not to be taken in the classroom without teacher permission. A teacher might allow students to take a snapshot of the board or film a review, but this will be with teacher permission only. Violation of this rule can result in the camera being permanently deactivated, as well as detention.

Sound, Music, Games, or Programs

Music is only allowed on the Chromebook if provided by the teacher for educational use. Sound should be muted at all times unless permission is obtained from the teacher for instructional purposes. If earbuds are purchased on your own, they must be BUDS and not headphones. **Non-educational games are not allowed on Chromebooks.**

Printing

Students should try to keep printing at school to a minimum. When a teacher requires something to be printed, students will be allowed to use the school’s printers.

Home Internet Access

Students are allowed to set up wireless networks on their Chromebooks to assist them with Chromebook use while at home. Printing at home will require a wireless printer, proper settings on the Chromebook and the correct app.

SOFTWARE ON CHROMEBOOKS

Inspection

Students may be selected at random to provide their Chromebook for inspection. **DO NOT PUT A PASSCODE ON CHROMEBOOK!**

ACCEPTABLE USE

The use of Chromebooks is a privilege, not a right. The privilege of using the Chromebooks provided by the school is not transferable or extendible by students to people or groups outside the school and terminates when a student is no longer enrolled in the school.

This policy is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources. If a person violated any of the User Terms and Conditions named in this policy, privileges may be terminated, access to the school's technology resources may be denied, and the appropriate disciplinary action shall be applied. Violations may result in disciplinary action up to and including suspension/expulsion for students. When applicable, law enforcement agencies may be involved.

Students Responsibilities are to:

- Use Chromebooks in a responsible and ethical manner.
- Obey general school rules concerning behavior and communication that apply to computer use.
- Help Marshall Academy protect our computer system/device by contacting an administrator about any security problems they may encounter.
- Monitor all activity on their account(s).
- Turn off and secure their Chromebook after they are finished working to protect their work and information.
- Return their Chromebook to the Technology Department at the end of each school year. Students who transfer, withdraw, are suspended or expelled, or terminate enrollment at Marshall Academy for any other reason must return their individual school Chromebook on the date of termination.

Student Activities Strictly Prohibited:

- Any action that violates existing school policy or public law.
- Sending, accessing, uploading, downloading, or distributing offensive, profane, threatening, pornographic, obscene, or sexually explicit materials.
- Use of any Messaging services. EX: Apple, iMessage, Snapchat, etc.
- Non educational games. Only educational games may be used with the permission of a teacher.
- Changing of Chromebook settings. (exceptions include personal settings such as font size, brightness, etc)
- Spamming – Sending mass or inappropriate emails.
- Gaining access to other student's accounts, files, and/or data.
- Use of the school's internet/email accounts for financial or commercial gain or for any illegal activity.
- Transmission or accessing materials that are obscene, offensive, threatening or otherwise intended to harass or demean recipients.
- Bypassing the Marshall Academy web filter through a web proxy.
- Students are not allowed to use another student's Chromebook.
- Chromebooks are not allowed in the cafeteria during breaks or lunch.

Legal Propriety

- Comply with trademark and copyright laws and all license agreements. Ignorance of the law is not immunity. If you are unsure, ask a teacher or parent.
- Plagiarism is a violation of the Marshall Academy Handbook. Give credit to all sources used, whether quoted or summarized. This includes all forms of media on the Internet, such as graphics, movies, music and text.
- Use or possession of hacking software is strictly prohibited and violation of applicable state or federal law will result in criminal prosecution or disciplinary action.

Student Discipline

For Grades 7-12

If a student violates any part of the above policy, he/she may be subject to the appropriate disciplinary action.

1st Offense: Detention

2nd Offense: In School Suspension

3rd Offense: Out of School Suspension/Discretion of Administration
